

## ABOUT MATTHEWS CATERING

### OUR FOOD

Matthews Cafeteria has been in business since 1955. When food is made from scratch everyday, great results are going to happen. Other trends will come and go, but old Southern recipes are a great start to a business luncheon at the office or a company picnic. Let your group enjoy our Turkey or Southern Fried Chicken with home made vegetables and desserts. Our menu shows all the wonderful choices.

### OUR SERVICE

For a small group, simple drop off service is all that is required. All the food will be properly packed and delivered in our "hot transport boxes" and served in disposable aluminum pans. If your group is larger, we can set up a buffet line with the right style of chafers units. Chafers can keep the food at the proper temperature for hours and the set up will impress your guests. If a server is needed, Matthews Catering is ready with the right number of people to keep everyone happy.

### EVENT PLANNING

If your non food needs are for items such as tents, tables, chairs, or table covers, Matthews Catering is able to supply all the required equipment. Each item will be delivered and set up to make you even worry free and under the control of one provider. The point is for you to actually enjoy your event.
